Centre Outer Grilles Fitting Instructions:

In the packaging, the left hand-side grille is marked up as left-hand, for the left-hand side when looking at the car (Fig 1).

Ensure the larger rounded clip is closest to the centre grille.

1. Fit masking tape around the apertures to protect the paintwork while fitting.
2. Guide the left hand-side grille into the aperture, engaging the clip on the left-hand side of the grille first. Then secure the other side clip securely into the aperture (Fig 2 & 3).
3. Using a thin screwdriver through the mesh lever all the brackets so they are tightly into position (Fig 4 & 5).
4. Remove the tape and the grilles are now complete (Fig 6).
5. Complete the same process on the other side grille.

Centre Grille Fitting Instructions:

1. Fit masking tape around the apertures to protect the paintwork while fitting.
To ensure the grille is the correct way around, ensure the rounded corners of the grille are the bottom.
2. Guide the grille into the aperture, engaging the clips at the top of the grille first. Then secure the bottom side clips securely into the aperture (Fig 1).
3. Using a thin screwdriver through the mesh lever all the brackets so they are tightly into position (Fig 2 & 3).
4. Remove the tape and the grilles are now complete.
5. Complete the same process on the other side grille.
