BMW G8X CSL Grille Inserts Fitting Instructions:
<https://www.youtube.com/watch?v=OCBEhl5Fydo>

If you are installing this grille in replacement of the OEM, remove OEM grille first ready to fit the grilles to the CSL and fit masking tape around the aperture.

If you already have the CSL grille. remove the grille and fit masking tape around the open aperture.

1. With the grille off the car, guide the upper grille over the aperture and align to ensure correct fitment (fig 1).
2. When fitting the upper grilles, ensure the lower clip is secured first for ease of fitment (fig 2).
3. Guide the lower grilles into the aperture and secure clips with thin screwdriver through mesh (fig 3 & 4).
4. Grille is now ready to reinstall to the car.
