

BMW M5 F10 Oil Cooler Stainless-Steel Sports Grille

Kit Contents: -

- 1. off Oil Cooler Grille
- 3. off No*6 x ½ inch screws

Oil Cooler Grille Fitting Instructions: https://www.youtube.com/watch?v=E_zW4QYSbv8

**Please note: we advise for ease of fitment, to put the vehicle on a ramp or axle stands due to the position of the Oil Cooler.*

1. Guide the grille onto the aperture and measure where the drill holes are on the grille and mark up ready for pilot hole.
2. Carefully guide the grille onto the aperture (fig 2), making sure the grille is secure.
3. Using the screws provided, screw the grille into the plastic moulding to secure the grille into place (one either side and one in the centre) (Do not over tighten) (fig 3).
4. The grilles are now complete.
