Oil Cooler Grille Fitting Instructions:

**Please note: we advise for ease of fitment, to put the vehicle on a ramp or axle stands due to the position of the Oil Cooler.*

1. Remove the two existing bolts in the undertray around the oil cooler (fig 1).
2. Carefully guide the grille into the aperture (fig 2), making sure the grille is secure, then fit the existing bolts back into place (fig 3).
3. Using the screws provided, screw the grille into the undertray to secure the grille into place (Do not over tighten) (fig 3).
4. The grilles are now complete (fig 4).
