Please ensure you fit the inner grille set from the centre set first!

Inner Mesh Grille Set Fitting Instructions:

1. Fit masking tape around the apertures to protect the paintwork while fitting.
2. Offer the grille to aperture and gently push the grille into position making sure the grille is central in the aperture (fig 1).
3. Using one hand behind the grille (through the outer grille open aperture) and one hand in front of the grille, secure the grip clip to the grille (fig 2).
4. Using a thin screwdriver through the mesh lever all the brackets so they are tightly into position (fig 3 & 4).
5. Remove the tape and the grille is now complete.
