**Grille Fitting Instructions**

1. Locate the grille into position, check that it is central then locate the top 4 brackets (Fig 1 & 2)
2. Now that the grille is in position check that all the brackets have engaged properly, you can do this by using a thin screwdriver through the mesh.
3. Fasten the grille to the existing aperture using screws provided making sure the grille is tightly fixed into position (fig 3) (Do not over tighten screws).
4. The grille is now complete.
