- 3 off Retaining Brackets

YouTube Tutorial: <https://www.youtube.com/watch?v=W1ySjSEtVc>

Lower Mesh Grille Fitting Instructions:

1. Fit masking tape just around the edges of the apertures to protect the paintwork while fitting.
- *If you have a number plate holder / plinth, you will need to remove the number plate holder from the vehicle, then fit the grille***
2. Carefully guide the grille into the aperture making sure the grille is central in the aperture (fig 1).
3. As the grille is centralised in the aperture, secure the retaining brackets through the grille so that the grille is secure (fig 2).
4. Repeat this process at all points across the grille (left, centre and right) until grille is secured in the aperture **DO NOT OVERTIGHTEN** (fig 3,4 & 5).
5. ****If you have a number plate holder / plinth, you will need to do the following:***
6. Trim the back tabs off the holder with a hacksaw (fig 6&7)
7. Put the plate holder back into position, and secure to vehicle (fig 8).
8. Remove the tape and the grilles are now complete (fig 9).
