- 2 off No6 x 1" Screws

**Tools Required: -**

- Masking Tape
- Small Flat Screwdriver

## Mesh Grille Fitting Instructions

1. Place masking tape around the aperture to protect the paint work and to prevent any accidental scratches.
2. Remove the number plate then carefully offer the grille centrally to the aperture as shown in fig 1.
3. Gently push the grille into the aperture until the brackets have clipped into position (fig 2).
4. Using a long screw driver push the clips down ensuring they locate behind the aperture (fig 3) & then Screw through the U brackets into existing plastic to fasten the grill in position (fig 4) (Do not over tighten).
5. Remove the masking tape and your grille assembly is complete.
