

Mazda RX8

Stainless Steel Sports Lower Grille Kit

Kit Contents: -

- 1. off LH Side Grille
- 1. off RH Side Grille
- 2. off Push Rivets

Tools Required

- 5.0 mm Drill
- Masking Tape

Grille Fitting Instructions

1. Protect Existing paint work with masking tape.
2. Locate the new mesh grilles to the apertures starting with the centre hook; push the grille outer side back into the aperture.
3. Making sure the grille looks even drill through the upper bracket into the bumper with a 5mm drill
4. Insert a push rivet and push the pin into the rivet until it is fully home.
5. Repeat on the other side and your grilles are now complete.
