**Side Grille Fitting Instructions**

1. Using Masking Tape protect painted body work around the area where the grille is to be fitted. (Do not put masking tape under the actual grille position)
2. Place grille into aperture and mark guide positions for the bracket onto masking tape.
3. Remove the grille.
4. Fit the spring clips onto the back of the bumper in line with marked positions.
5. Refit the Grille pushing the brackets in between the bumper and the spring washer until it clicks into position.
6. Remove the masking tape.
7. The grilles are complete
