**Grille Fitting Instructions**

1. Remove screws from the upper grille moulding from the vehicle as shown in Fig 1 & 2.
2. Apply pressure with a screwdriver to the centre of the existing moulding to leverage the existing grille off the car as shown in Fig 3.
3. When the existing grille has been removed, align the sheets of mesh provided to the grille as shown in Fig 4.
4. Attach the sheets of mesh using the cable ties provided (2 for each sheet). As shown in fig 5 & 6.
5. Re attach the upper grille moulding to the car with the same method used to remove.
6. The grille is now complete.
