

NISSAN NAVARA MY63 Stainless Steel Sports Upper Grille Kit

Kit Contents:

- 1 off Centre Grille
- 1 off LH Side Grille
- 1 off RH Side Grille
- 4 off Screws $\frac{3}{4}$ "
- 1 off Screw 1"

Tools Required:

- Masking Tape
- Phillips Screw Driver
- Thin Flat Screwdriver

Centre Mesh Grille Fitting Instructions

1. It is advised that masking tape is used to protect the original surfaces prior to assembly, position the tape to allow for easy removal after the grille has been fitted.
2. Locate the grille over the badge plate and ensure even spacing around badge and aperture.
3. Push the grille back until it is fully against the existing plastic and the 5 spring clips have engaged behind the original trim.
4. Ensure that all of the clips have engaged, if required use a long screwdriver whilst putting a little pressure on the front face of the grille, Fig 1.
5. Fit the 1" screw through the upper bracket into the original plastic (above Nissan badge), Fig 2, do not overtighten.
6. Remove the masking tape and assembly is complete.
