Outer Mesh Grille Fitting Instructions

You must fit the grilles in the following order:

Lower Outer Grille

1. Fit masking tape just around the edges of the apertures to protect the paintwork while fitting.
2. Carefully guide the Lower Outer Grille into the aperture ensuring that the grille clip is secured to the aperture first (fig 1). Secure all clips on the grille. You can use a long thin screwdriver to make sure they are clipped in position (fig 2 & 3).

Upper Outer Grille:

Fit masking tape just around the edges of the apertures to protect the paintwork while fitting.

1. Carefully guide the Upper Outer Grille into the aperture ensuring that the grille clip is secured to the aperture first (fig 4). You can use a long thin screwdriver to make sure they are clipped in position and ensure that the clips are secured fully (fig 5 & 6).
2. Remove the tape and the grille is now complete (fig 7).
