Kit Contents: -

- 1 off Centre Grille
- 1. off Inner RH Side Grille
- 1. off Inner LH Side Grille

Inner Side Mesh Grille Fitting Instructions (Make Sure You Fit These Grilles 1st)

1. Fit masking tape around the apertures to protect the paintwork while fitting.
2. Locate and hook the bar at the back of the aperture as shown in fig 1.
3. Twist the grille into position making sure top edge is sitting on the top of the plastic insert then using a pair of pin nose pliers hold the grille with the pliers then pull it back into position then use a screw driver to push clips into position making sure the clip has clipped behind the aperture.
4. Remove the tape and the grilles are now complete.

Centre Mesh Grille Fitting Instructions

5. Fit masking tape around the apertures to protect the paintwork while fitting.
6. Hook the upper left hand bar at back of aperture as shown in fig 2 then slightly flex grille in the middle to allow you to hook right hand bar at the back of the aperture.
7. Push the bottom of the grille into the aperture then using a screwdriver as shown in fig 3 push clips down making sure they locate behind the back aperture.
8. The grille is now complete.
