

Subaru XV Stainless Steel Lower Mesh Grille

Kit Contents: -

- 1. off Lower Mesh Grille
- 4. off Screws No.6 x 1.5"

Tools: -

- 2mm Drill
- Screwdriver

Lower Mesh Grille Fitting Instructions

1. Masking tape on bumper.
2. Locate mesh grilles to aperture against existing grille inserting upper clip edge first (Fig1).
3. Make Sure 2 Clips have clipped in position by pushing up with screwdriver.
4. Drill 2mm holes in the 4 positions then screw in using 1.5" pins as shown in fig 2 (do not over tighten).
5. Your grilles are now complete.
