## Centre Mesh Grille Fitting Instructions

1. Fit masking tape around the apertures to protect the paintwork while fitting.
2. Carefully locate the grille to the aperture and gently push the grille back until the brackets locate behind the plastic.
3. Once the grille is in position screw the screws through the mesh diamonds and screw in to the existing plastic as shown in Fig 1.
4. Using a long screwdriver as shown in fig 2 & 3 push clips down making sure they locate behind the back aperture & grille is secure
5. Remove the tape and the grilles are now complete.
