**Kit Contents: -**

- 1. off Lower Mesh Grille
- 4. off Screws No.6 x 0.5"

**Tools: -**

- 2mm Drill
- Screwdriver

**Lower Mesh Grille Fitting Instructions**

1. Masking tape on bumper.
2. Locate mesh grilles to aperture against existing grille.
3. Drill through centre washer using 2mm drill as shown in fig 1 then screw into position as shown in fig 2 (do not over tighten).
4. Repeat steps 1 & 2 to 3 other washers using 1/2" screws.
5. Your grilles are now complete.
