

Subaru WRX – STI VA Facelift Stainless Steel Sports Lower Grille

Kit Contents: -

- 1. off Lower Grille
- 1. off ¾" Screws
- 4. off 1½" Screws

Existing Grille Removal Instructions

1. Firstly, start with removing the bumper from the vehicle (see separate instruction).
2. Once bumper removal is completed remove the existing lower grille from aperture.
3. Gently prise the plastic clip with a screwdriver allowing the grille to be removed Fig 1 & 2.

Lower Mesh Grille Fitting Instructions

1. Guide the grille into position ensuring the grille is centralized and all the brackets are clipped behind the aperture as shown in fig 5.
2. Hold the grille in position then secure the grille in place using the 5 screws provided (fig 6,7 & 8).
3. With the grill now in place you can re-assemble the bumper and enjoy your New lower grill.
4. The grilles are now complete.
