Lower Mesh Grille Fitting Instructions

1. Fit masking tape around the apertures to protect the paintwork while fitting.
2. Carefully guide the grille into the aperture, ensure the bottom clips engage first (Fig 1 &2).
3. Using a screwdriver as shown in fig 3 push clips down making sure they locate behind the back aperture & grille is secure. (Fig 3).
4. Screw the grille through the diamonds using the screws provided to secure the grill in place (Fig 4).
5. Remove the tape and the grilles are now complete.
