Outer Mesh Grille Set Fitting Instructions

1. Fit masking tape around the apertures to protect the paintwork while fitting.
2. Guide the outer part of the upper outer grille into the aperture ensuring the brackets hook behind the aperture and then flex the grille so the inner part of the grille clips behind the aperture (fig 1).
3. Guide the outer part of the lower outer grille into the aperture ensuring the brackets hook behind the aperture and then flex the grille so the inner part of the grille clips behind the aperture (fig 2).
4. Flex the grille using a screwdriver through the mesh ensuring the clips hook behind the aperture and have engaged properly.
5. Remove the tape and the grille is now complete (fig 3).
